

N2PSSC Mobile Bulk Produce

The N2PSSC bulk produce merchandiser has its own self-contained refrigeration system and swivel caster wheels for flexible, on-the-spot mobile product presentations.

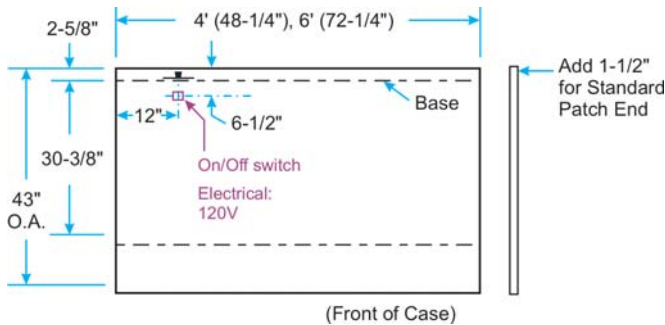

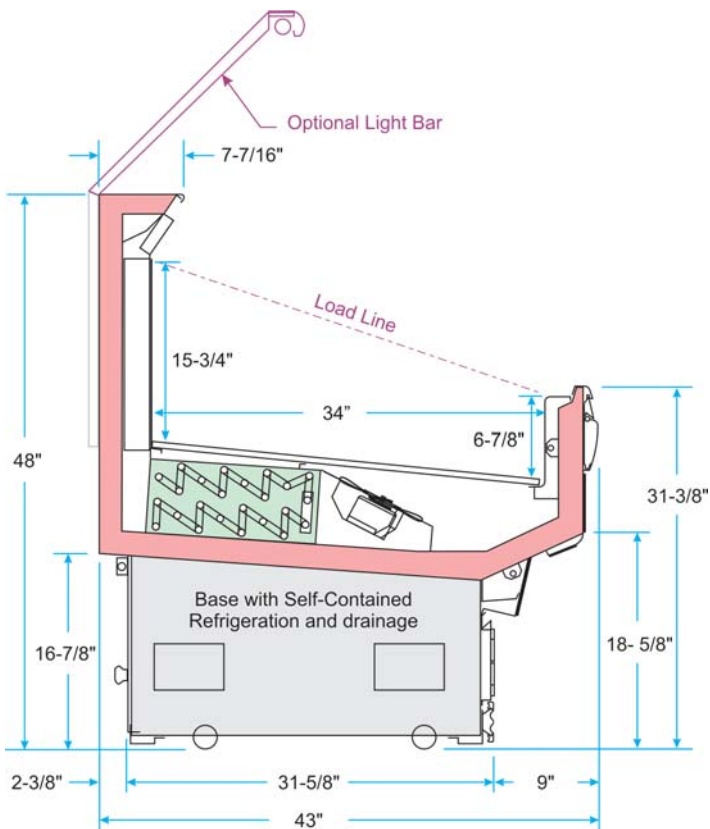

Features & Benefits

- ◆ Self-contained refrigeration system with R404A refrigerant. 1/2 HP condensing unit and evaporative condensate pan provides all refrigeration and drainage for the case.
- ◆ Telescoping white powder-coated display screens enhance product presentation.
- ◆ Four swivel caster wheels provide easy mobility. Two wheel-locks provide stability when in a rested position.
- ◆ Fan assembly design allows access to coil and drain in bottom of case.
- ◆ Off-cycle defrost.
- ◆ 7-7/16" top shelf adds merchandising flexibility.

Options

- ◆ ECM fan motors for additional energy savings.
- ◆ Light bar attaches to top for increased product illumination.
- ◆ Multiple-depth shelving alternatives.
- ◆ 12' produce hose assembly.
- ◆ Rear panel overlay comes in 3 finishes; stainless steel, painted steel and simulated woodgrain..

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Capacity in Cubic Feet
N2PSSC	4' • 6'	Self-Contained Bulk Produce, standard coil	10.8 • 16.0

Self-Contained Refrigeration Access

Opening the rear panel allows access to coil area, electrical controls and refrigeration controls.

Opening the front panel allows access to the condensate evaporation system.
